Monthly Minimum Charge per Service

The monthly minimum charge, before adjustments, shall be the highest amount as determined by any of the following methods:

- (a) Service Charge and Submarine Cable Charge, as applicable
- (b) The minimum charge specified by contract or service application.

Purchased Power and Tax Adjustment

The foregoing rates and charges shall be subject to increase or decrease to the extent that the provisions and adjustments apply as is specified elsewhere under Rider "A", Purchased Wholesale Power, Transmission Delivery & Tax Cost Adjustment.

Terms of Payment

The above rates and other applicable charges are net as shown. Any account not paid on or before the final payment date shall be subject to an applicable service charge as per the General Terms & Conditions of Service.

If any bill is not paid within 30 days after the payment date specified on the bill, service will be subject to disconnection as provided in Cooperative's General Terms & Conditions and any reconnection of service shall be subject to Cooperative's charge for such special service.

Upon the request of the member, and upon the approval of the Cooperative, a budget plan for payment of electric bills may be elected by the member.

Other Terms and Conditions

See Cooperative's General Terms and Conditions of Service for charges applicable for disconnection and reconnection of service and other special services.

Application for Service & Responsibility for Payment of Bills

Where the premises are occupied by a tenant, Cooperative reserves the right to require the property owner to apply for service in his name and he shall be responsible for payment of all bills. In such event, the bill may be mailed to the tenant, with a copy to the property owner. Although a tenant may be required to make a deposit to secure bill payment, such deposit shall not relieve property owner of his responsibility for payment of bills.

Metering

Cooperative reserves the right to meter Member's requirements in the most practical manner. Member shall, at his own expense, relocate meter or meters to a new location pre-approved by Cooperative whenever the existing installation becomes unsafe, inaccessible, or work space cannot be maintained, in accordance with the Cooperative's General Terms & Conditions.

Motor Specifications

Single-phase service will not be furnished to operate individual single phase motors in excess of 15 HP rating or individual three phase motors in excess of 50 HP except where written permission is granted by Cooperative. All motors 10 HP and larger may, at Cooperative's option, be required to be equipped with reduces voltage starting equipment or other control devices so as to avoid unnecessary voltage surges and fluctuations of Cooperative's system.

Motors designed for full voltage "across the lines" starting may, at Cooperative's option, be permitted to operate from Cooperative's system provided, however, that a study by Cooperative indicates that the operation of such motors will not be detrimental to service furnished other Members. Advance written permission by Cooperative will be required for all such motor installations.

New Extensions & Temporary Service

Cooperative reserves the right to require that any application for temporary service be in the name of the property owner, who shall pay all electric service bills.

Requirements for new service extensions where the Cooperative has to make a higher investment than what is recovered under this schedule shall be based on the terms and conditions of the Cooperative's Line Extension Policy.

Use of Service

Service under this schedule shall not be resold or shared with others, except as provided in General Terms and Conditions.
